GENERAL USE REZONING REQUEST

ABSTRACT:	<p>A legislative review request by applicant EHC Builders, for a rezoning request from R6 (Residential 6000 square feet) to RMF (Residential Multifamily) on parcels 8727816041, 8727802663, 8727805663, and 8727808644, approximately 7.74 acres, with an additional +/- 0.87 acres of a potential road closure, for a total of approximately 8.61 acres, located at West Butler Avenue Extension.</p>
BACKGROUND:	<p>EHC Builders submitted the application for a zoning map amendment on November 8, 2023.</p> <p>Currently, the properties are zoned R6. The request to rezone to Residential Multifamily will allow the applicant more density for development of the site. The RMF zoning designation currently allows a FAR of 0.27. This would allow approximately 2.32 acres, or 101,264 square foot of building area. This is the total building area allowed and can span 1 story of 101,264 square feet, a 2 story footprint of potentially 50,632 square feet , etcetera, with a maximum height of 35 feet. Site plans will be reviewed by Town Staff under the zoning and watershed ordinance guidance.</p>
DISCUSSION:	<p>The Town is currently updating the Land Development Plan (LDP). From draft documents staff has been reviewing, it appears the request meets the future LDP of high density residential/infill. The existing LDP shows this area as future low density residential, but is bordered by future high density residential and no designation. City Council will tentatively be discussing the new LDP at their February 26, 2024 meeting.</p> <p>The maximum amount of area permitted to be developed, without a SNIA (Special Nonresidential Intensity Allocation) per the watershed ordinance, is 24%.</p> <p>There are no water features or floodable area on the property.</p> <p>5.92 acres of the properties being considered for rezoning are within town limits, and approximately 3.28 acres is not currently within Town limits. The annexation request will be processed</p>

	<p>concurrently with the rezoning application at the City Council meeting, potentially on February 26, 2024. The adjacent zoning varies between RMF to the east, R6 and R40 to the north, west, and south.</p>
<p>RECOMMENDATION:</p>	<p>The Planning Board shall review and discuss the request. The following statements are provided:</p> <p>APPROVE the request and forward it to the City Council for consideration.</p> <p>-OR-</p> <p>DENY the request.</p> <p>-OR-</p> <p>TABLE the request for further discussion to a future Planning Board meeting.</p>
<p>ATTACHMENTS:</p>	<p>Attachment A includes the consistency statement for compliance with the Land Development Plan.</p> <p>Attachment B is the applicant's application.</p>

ATTACHMENT A

Town of Liberty Land Development Plan Consistency Statement

In accordance with 160D-605(a), the requested rezoning is consistent with the objectives of the Town of Liberty Land Development Plan (the "Plan), due to its location and existing use, but inconsistent with the existing designation. This area of the Plan is proposed to be developed as low density residential. Due to the Town currently updating the Plan and the future use of this property to be high density residential, the Plan shall be reflected to show these properties in a proposed use of high density residential/infill.
